

Dear Justice for Immigrants-Minnesota members!

It is time for Catholic action to pass the **DREAM Act**, a piece of legislation that would make a difference in the lives of undocumented youth who were brought to the United States by their parents and now, because of their lack of legal status, face obstacles to their future. By removing such barriers, the **DREAM Act** permits immigrant students to pursue a promising future through college education or military service. Those benefitting from the **DREAM Act** are talented, intelligent and dedicated young people who know only the U.S. as their home.

Call Senator Klobuchar (1-888-224-9043) and Senator Franken (651-221-1016) TODAY.

Ask them to support the Development, Relief, and Education for Alien Minors (**DREAM**) Act, which may soon be considered by the full Senate.

Specifically, ask that they vote to support cloture on the amendment which would add **DREAM** to the Department of Defense Re-Authorization bill and that, once cloture is invoked, to vote for the amendment.

The **DREAM Act** is about fairness to high school graduates who were brought to this country unlawfully through no fault of their own, since they came with their parents. Those who would benefit from the **DREAM Act** are talented, intelligent, and dedicated young persons who know only the United States as their home.

The **DREAM Act** represents a practical, fair, and compassionate solution for thousands of young persons in our nation who simply want to reach their God-given potential and contribute to the well-being of our nation.

The **DREAM Act** has always had strong bipartisan support. Please help do what's right for the lives and hopes of thousands of kids across America by adding your support for the **DREAM Act**.

Thank you for your continued support for Justice for Immigrants,

Adam
